## INTRODUCTION :

Sports league and management platforms are software solutions that help sports organizations and clubs to manage their operations, events, and participants. They can offer various features such as online registration, payment processing, scheduling, scoring, standings, communication, and more. Some of them also provide advanced functionalities such as automated video, live data, streaming, and analytics. Here is a brief introduction to some of the popular and emerging sports league and management platforms:

[Mindbody](#) is a cloud-based solution that caters to the needs of small to midsize businesses in the sports and fitness industry. It allows users to manage appointments, memberships, billing, marketing, and reporting. [It also integrates with third-party apps and devices to offer online booking, mobile check-in, and contactless payments<sup>1</sup>](#).

[EZFacility](#) is another cloud-based solution that serves gyms, fitness centers, sports facilities, and leagues. It enables users to schedule classes, events, and rentals, track payments and invoices, generate reports, and communicate with clients. [It also offers a branded mobile app and a self-service portal for customers<sup>1</sup>](#).

[SportsEngine](#) is a cloud-based solution that focuses on sports-event organizers and governing bodies. It helps users to create and manage online registration forms, waivers, and rosters, as well as to collect and process payments. [It also offers tools for creating and updating websites, managing schedules and results, and streaming live and on-demand video<sup>1</sup>](#).

[SquadFusion](#) is a cloud-based solution that targets sports leagues, clubs, and teams. It helps users to create and manage online registration forms, payment plans, and waivers, as well as to assign and communicate with coaches, players, and parents. [It also offers tools for creating and updating websites, managing schedules and standings, and generating reports<sup>1</sup>](#).

[Jersey Watch](#) is a cloud-based solution that aims to simplify sports league management for volunteers and administrators. It helps users to create and manage online registration forms, payment options, and rosters, as well as to communicate with participants and sponsors. [It also offers tools for creating and updating websites, managing schedules and scores, and promoting events<sup>1</sup>](#).

[RecTimes](#) is a web-based solution that helps recreation facilities to reduce admin time and fill more bookings. It helps users to manage and track facility availability, reservations, and invoicing, as well as to communicate with customers and staff. [It also offers tools for generating reports and analytics, and integrating with third-party apps<sup>1</sup>](#).

[StatStak](#) is a cloud-based solution that helps sports leagues and teams to manage and analyze their performance. It helps users to collect and store data from various sources, such as sensors, wearables, and video, as well as to visualize and share insights with coaches, players, and fans. [It also offers tools for creating and updating websites, managing schedules and results, and streaming live and on-demand video<sup>2</sup>](#).

[SportsPlus](#) is a cloud-based solution that offers an all-in-one platform for sports clubs, leagues, governing bodies, tournament operators, sports facility managers, teams, coaches, officials, players, and parents. It helps users to manage and automate various aspects of sports administration, such as online registration, payment processing, scheduling, scoring, standings, communication, and more. [It also offers tools for creating and updating websites, managing memberships and waivers, and generating reports and analytics<sup>1</sup>](#).

[InteractSport](#) is a cloud-based solution that provides a digital sports management platform for some of the world's largest sporting organizations. It helps users to manage and optimize various aspects of sports delivery, such as competition management, team management, match management, results and ladders, player statistics, and more. [It also offers tools for creating and updating websites, managing online registration and payments, and providing automated sports video, live data, and streaming](#)

## **Workflow :**

The work flow of sports league and management platform may vary depending on the specific features and functions of each solution, but generally, it can be described as follows:

The first step is to set up the platform for the sports organization or club, which may involve creating an account, choosing a plan, customizing the website, and configuring the settings. The platform may also offer integrations with other software or apps, such as payment gateways, social media, or analytics tools.

The next step is to create and manage the sports leagues, teams, and events, which may involve adding and editing the details, such as name, logo, location, rules, format, and schedule. The platform may also offer tools for generating and updating the standings, scores, and statistics, as well as for creating and managing tournaments, brackets, and playoffs.

The third step is to register and manage the participants, which may involve creating and publishing the online registration forms, collecting and processing the payments, assigning and communicating with the coaches, players, and parents, and managing the rosters, waivers, and medical records. The platform may also offer tools for tracking the attendance, performance, and development of the participants, as well as for providing feedback and recognition.

The fourth step is to communicate and engage with the stakeholders, which may involve sending and receiving messages, notifications, and reminders, creating and sharing the news, updates, and announcements, and promoting and marketing the events and sponsors. The platform may also offer tools for streaming and recording the video, providing live data and commentary, and generating and analyzing the reports and insights.

Some examples of sports league and management platforms are Mindbody<sup>1</sup>, EZFacility<sup>1</sup>, SportsEngine<sup>1</sup>, SquadFusion<sup>1</sup>, Jersey Watch<sup>1</sup>, RecTimes<sup>1</sup>, StatStak<sup>2</sup>, SportsPlus<sup>1</sup>, and InteractSport<sup>2</sup>.

## Hardik returns to MI, Cameron Green moves to RCB

The much-anticipated transfer of Hardik Pandya to Mumbai Indians has been successfully completed. In a noteworthy one-way, all-cash transaction, the 30-year-old all-rounder has officially returned to the franchise he won four titles with. Simultaneously, Mumbai Indians have bolstered their financial position to afford the Pandya acquisition by trading Cameron Green to Royal Challengers Bangalore in another all-cash transaction to the tune of INR 17.5 crore, the league value of the Australian all-rounder. This financial maneuver not only facilitates the completion of the Pandya trade with Gujarat Titans but also positions the five-time champions with substantial resources for the upcoming IPL 2024 auction scheduled to take place in Dubai on December 19.

### TATA IPL 2023, Final CSK Vs GT - Match Report

away just three in the 12th over but Dube finally found the middle of the bat as he thumped two sixes in a row to end the over on a high and amass 15 runs. Rayudu, playing his last IPL match, joined the party as he smacked the first ball of the 13th over from Mohit over long off for a six and then cracked a four off the next ball through extra cover, then thumped another six but Mohit hit back hard to have him caught and bowled off the next ball and then got the huge wicket of MS Dhoni off the next ball as he had him caught at extra cover. The roller-coaster saw 17 runs scored and two wickets taken as the equation came down to 21 needed off 12. Shami bowled a very good penultimate over to give away just eight. With 13 needed off the last over, the experienced Mohit nailed four yorkers upfront and gave away just three runs. With 10 needed off two, the tables turned again as Mohit missed his marker and Jadeja smacked a six over long on. With four needed off the last ball, Mohit bowled a low full toss down the leg side and Jadeja swiped it to fine leg for a four to win it for CSK and spark wild celebrations. Earlier, Chennai Super Kings captain MS Dhoni won the toss and elected to bowl. They made one change to the starting line-up as Matheesha Pathirana replaced Shivam Dube. The four-time champions named Shivam Dube, Mitchell Santner, Subhranshu Sempati, Shaik Rasheed and Akash Singh as their substitutes. Gujarat Titans named an unchanged eleven. Josh Little, KS Bharat, Odean Smith, Sai Kishore and Shivam Mavi made it to their substitutes list. Chennai Super Kings started off well as they bowled with discipline and accuracy and could have had both the openers back in the hut inside the Powerplay. The four-time champions didn't give away any boundaries in the first two overs. And they could have had the in-form Shubman Gill back in the hut as early as the second over but Deepak Chahar dropped one at backward square leg as Gill flicked one uppishly straight to the CSK pacer off Tushar Deshpande. Wridhiman Saha then opened up in the next over as he flicked one for a six and heaved the next for a four and then lofted one over cover to make it 16 off the Chahar over. Gill then joined the party as he made CSK pay for the drop with three delightful fours off Deshpande. A short arm Jab through mid-wicket, a flick through mid-wicket and a stand and deliver extra cover drive. Saha then got a bit lucky in the next over as he hit one uppishly straight back to Chahar who couldn't hold on to a tough chance off his own bowling. MS Dhoni then introduced spin via Maheesh Theekshana in the sixth over and Gill went after him straightaway, cracking three fours in a row to take GT to 62/0 at the end of the Powerplay. Saha then got lucky not once but twice as he survived two run-out chances but then MS Dhoni provided a moment of brilliance as he sent back the dangerous Gill via lightning fast glovework to have him stumped off Ravindra Jadeja in the same over. Jadeja helped CSK claw their way back as they kept things tight and gave away just 24 in the next four overs as GT reached 86/1 at the halfway mark. Sai Sudharsan then provided some relief with a couple of well-placed fours through the off side, off Matheesha Pathirana as GT took 13 from the over. Saha then reached his fifty off 36 balls with a four off Jadeja and Sudharsan followed it up with a six over mid-wicket. Dhoni brought back Chahar in the 14th over and the CSK pacer broke the 65-run stand as he had Saha caught behind off a slower ball as Saha (54 off 39) top-edged his pull off a leg cutter. That wicket didn't deter Sudharsan though as he went on the counter-attack and hit a couple of sixes off Theekshana in the next over. He brought up his third fifty of the season as he cracked one through backward point for a four off Pathirana. He followed it up with a flicked four wide of mid on to make it 10 off the over. Sudharsan then went berserk in the next over off Deshpande, hitting three fours and a six to amass 20 runs off it. Pathirana balanced things out slightly by not conceding a boundary and giving away nine off the 18th over. Captain Pandya and Sudharsan then took on Deshpande in the penultimate over, cracking a couple of sixes and a four to amass 18 off the over and take GT to 200. Sudharsan started the final over with two superb sixes but departed four short of his century off the next ball as he was trapped LBW by Pathirana. He reviewed it but the Ball Tracking display showed all three reds. The youngster walked off to a standing ovation for his magnificent innings. Pathirana then removed Rashid Khan off the last ball as Gujarat Titans took 14 off the last over and posted 214/4. Gujarat Titans introduced Josh Little as their Impact Player, replacing Sai Sudharsan at the start of the second innings. Brief Scores: Chennai Super Kings 171/5 (Devon Conway 47, Shivam Dube 32\*; Mohit Sharma 3/36) beat Gujarat Titans 214/4 (Sai Sudharsan 96, Wridhiman Saha 54; Matheesha Pathirana 2/44) by 5 wickets (DLS Method)

Ravindra Jadeja provided a grandstand finish, hitting a six and a four with 10 needed off the last two balls, to power Chennai Super Kings to their fifth IPL title as they beat defending champions Gujarat Titans by five wickets (DLS Method) in a thriller at the Narendra Modi Stadium in Ahmedabad. Jadeja smashed 15\* off 6 balls as a collection of cameos from Devon Conway (47 off 25), Ruturaj Gaikwad (26 off 16), Shivam Dube (32\* off 21). Ajinkya Rahane (27 off 13) and Ambati Rayudu (19 off 8) helped CSK chase down 171 from 15 overs in a rain-shortened IPL final. Earlier, Sai Sudharsan had put on a stunning show on the big stage with a splendid 96 off 47 balls, ably supported by Wriddhiman Saha (54 off 39) and Shubman Gill 39 (20) to help GT post a mammoth 214/4 before rain forced the match to be shortened to 15 overs. Chasing 171 from 15 overs, Ruturaj Gaikwad and Devon Conway got CSK off to a flier. Ruturaj got off the mark in style with a lovely square drive for a four off the third ball of the innings from Mohd. Shami. But soon after rain stopped play and the match was reduced to 15 overs with CSK having to chase a revised target of 171 runs. The revised playing conditions meant the Powerplay was reduced to four overs while a bowler could bowl a maximum of three overs. As play resumed, Gaikwad cracked another four in the unfinished first over as he pulled one through backward square leg to make it 10 runs off it. Devon Conway then got going straightforwardly as he lofted one over extra cover for a six off Hardik Pandya in the second over and then whipped one to fine leg for a four. He took the attack to Shami in the next over, smacking two more fours to accumulate 11 off it. Hardik Pandya introduced Rashid Khan early into the attack but the CSK batters went after him straightforward, cracking a couple of fours and a six to take CSK to 52/0 at the end of the Powerplay (4th over). Noor Ahmad bowled a good first over, giving away just six but Josh Little's first over went for 14 as Conway thumped a pull over deep mid-wicket off the last ball of the sixth over. The impressive Noor got the much-needed breakthrough for GT as he broke the 74-run opening stand by sending back Gaikwad (26 off 16) via a wrong'un. CSK then sent out Shivam Dube as their Impact Player, at No.3, replacing Matheesha Pathirana. Noor struck again off the final ball of the over to have Conway (47 off 25) caught at long off to peg CSK back. Ajinkya Rahane arrived and going in style with two exquisite sixes off Josh Little to make it a 16-run over. Noor Ahmad though balanced things out with another brilliant over, giving away just five as he finished with impressive figures of 3-0-17-2. Rahane got the momentum back again with a couple of fours off Rashid to bring the equation down to 60 needed off 30. Mohit Sharma arrived into the attack in the 11th over and struck straightforward to get the crucial wicket of Rahane (27 off 13), caught a deep point off a slower one. The GT pacer bowled a fantastic over and gave away just six as the equation came to 53 needed off 24 balls. Rashid bowled four good balls, giving away just three in the 12th over but Dube finally found the middle of the bat as he thumped two sixes in a row to end the over on a high and amass 15 runs. Rayudu, playing his last IPL match, joined the party as he smacked the first ball of the 13th over from Mohit over long off for a six and then cracked a four off the next ball through extra cover, then thumped another six but Mohit hit back hard to have him caught and bowled off the next ball and then got the huge wicket of MS Dhoni off his next ball as he had him caught at extra cover. That wicket didn't deter Sudharsan though as he went on the counter-attack and hit a couple of sixes off Theekshana in the next over. He brought up his third fifty of the season as he cracked one through backward point for a four off Pathirana. He followed it up with a flicked four wide of mid on to make it 10 off the over. Sudharsan then went berserk in the next over off Deshpande, hitting three fours and a six to amass 20 runs off it. Pathirana balanced things out slightly by not conceding a boundary and giving away nine off the 18th over. Captain Pandya and Sudharsan then took on Deshpande in the penultimate over, cracking a couple of sixes and a four to amass 18 off the over and take GT to 200. Sudharsan started the final over with two superb sixes but departed four short of his century off the next ball as he was trapped LBW by Pathirana. He reviewed it but the Ball Tracking replays showed all three reds. The youngster walked off to a standing ovation for his magnificent innings. Pathirana then removed Rashid Khan off the last ball as Gujarat Titans took 14 off the last over and posted 214/4. Gujarat Titans introduced Josh Little as their Impact Player, replacing Sai Sudharsan at the start of the second innings. Brief Scores: Chennai Super Kings 171/5 (Devon Conway 47, Shivam Dube 32\*; Mohit Sharma 3/36) beat Gujarat Titans 214/4 (Sai Sudharsan 96, Wridhiman Saha 54; Matheesha Pathirana 2/44) by 5 wickets (DLS Method)

## 2023 Cricket World Cup

**ICC MEN'S CRICKET WORLD CUP INDIA 2023**

The 2023 ICC Men's Cricket World Cup was the 13th edition of the Cricket World Cup, a quadrennial One Day International (ODI) cricket tournament contested by men's national teams and organised by the International Cricket Council (ICC). Ten national teams participated in the tournament, which was hosted by India. It started on 5 October and concluded on 19 November 2023, with Australia winning the tournament.<sup>[1]</sup> It was the first men's Cricket World Cup which India hosted solely. The tournament took place in ten different stadiums, in ten cities across the country. In the first semi-final India beat New Zealand, and in the second semi-final Australia beat South Africa. The final took place between India and Australia at Narendra Modi Stadium on 19 November with Australia winning the title for the sixth time.<sup>[2]</sup> The top eight placed teams in the tournament's final points table qualified for the 2025 ICC Champions Trophy, the next ICC ODI tournament. Virat Kohli was the player of the tournament and also scored the most runs; Mohammed Shami was the leading wicket-taker. A total of 1,250,307 spectators attended matches, the highest number in any cricket World Cup to date.<sup>[3]</sup>

## Qualification

Other than India, who qualified as hosts, all teams had to qualify for the tournament through the 2023 Cricket World Cup qualification process. Afghanistan, Australia, Bangladesh, England, New Zealand, Pakistan and South Africa qualified via the ICC Cricket World Cup Super League, with the Netherlands and Sri Lanka securing the final two places via the 2023 Cricket World Cup Qualifier in Zimbabwe during June and July 2023. As a result of the qualifying process, the competition was the first not to include former winners West Indies, who failed to progress for the first time after their defeat to Scotland.[15] Full members Ireland and Zimbabwe also missed out on qualification, meaning three of the four full members who took part in the knock-out qualification stage did not qualify, with only Sri Lanka progressing.[16] The final qualification spot was decided by an eliminator match between associate members Scotland and the Netherlands,[17] with the Dutch side taking the final place.[15] Means of qualification Date Venue Berths Qualified Host nation —— 1 India ICC Super League 30 July 2020 – 14 May 2023 Various 7 Afghanistan Australia Bangladesh England New Zealand Pakistan South Africa Qualifier 18 June 2023 – 9 July 2023 Zimbabwe 2 Sri Lanka Netherlands Total 10

## Venues

The tournament took place in ten different stadiums, situated in ten different cities across India. The first and second semi-finals were held at Wankhede Stadium in Mumbai and Eden Gardens in Kolkata respectively, while the final took place at Narendra Modi Stadium in Ahmedabad.[8] The BCCI provided funding for renovations and refurbishments at stadiums. Himachal Pradesh Cricket Association Stadium received a new grass surface, drainage system, seating, and hospitality boxes. Wankhede Stadium had upgrades to the outfield, floodlights, corporate boxes, and toilets. M. A. Chidambaram Stadium installed new floodlights and relaid two wickets.[18] With the autumn scheduling of this World Cup, the ICC instituted protocols for reducing the impact of moisture—including dew and rain—on pitch conditions, so that they did not give the team batting second an advantage (as had frequently occurred in the 2021 Men's T20 World Cup). These included using a specific wetting agent, and the boundary set at around 70 m (77 yards) at each stadium, with more grass on the pitch to encourage seam bowling over spin bowling.[19] Location Stadium Capacity[20] No. of matches Ahmedabad Narendra Modi Stadium 132,000 5 Bangalore M. The Big Bash League (known as the KFC Big Bash League for sponsorship reasons, often abbreviated to BBL or Big Bash) is an Australian men's professional club Twenty20 cricket league, which was established in 2011 by Cricket Australia. The Big Bash League replaced the previous competition, the KFC Twenty20 Big Bash, and features eight city-based franchises instead of the six state teams which had participated previously. The competition has been sponsored by fast food-chicken outlet KFC since its inception. It was in 2016/17 one of the two T20 cricket leagues, alongside the Indian Premier League, to feature amongst the top ten domestic sport leagues in average attendance. The winner of BBL 12 (2022/2023) was the Perth Scorchers, who beat the Brisbane Heat by 5 wickets in the final. BBL matches are played in Australia during the summer, in December, January and February. Out of the eight teams in the tournament, six have won the title at least once. The Perth Scorchers are the most successful team in the league's short history, having won the title five times including consecutively for two years twice. The Sydney Sixers have won the title three times, including consecutively for two years. The other four teams that have won the title are the Adelaide Strikers, Melbourne Renegades, Brisbane Heat and Sydney Thunder. Before 2014, the top two teams in the tournament used to qualify for the Champions League Twenty20 tournament, which was an annual international Twenty20 competition played between the top domestic teams from various nations. The Champions League Twenty20 became defunct after its 2014 tournament.<sup>[1]</sup>

## Tournament format

Since the inception of the BBL in 2011, the tournament has followed the same format every year except the inaugural season.<sup>[19]</sup> The first BBL season had 28 group stage matches, before expanding to 32 in the following season.<sup>[11]</sup> Since the 2018–19 season, each team plays all other teams twice during a season, for a total of 56 regular season matches before the finals series. In previous seasons of the tournament, the group stage matches were divided into eight rounds, with four matches played in each round. Each team played six other teams once during a season, and one team twice. This allowed for both Sydney and Melbourne (which have two teams each) to play 2 derbies within a single season.<sup>[20]</sup> Each team played eight group stage matches, four at home and four away, before the top four ranked teams progressed to the semi-finals.<sup>[20]</sup> In the 2017/18 Season, the format changed so that there would be 40 group stage matches with each team playing 10 matches before the semi-finals.<sup>[21]</sup> The season was held over a similar time-frame thus resulting in more doubleheaders (one game afternoon, one game night) and teams playing more regularly.<sup>[22]</sup> The final of the tournament is played at the home ground of the highest-ranked team. The only exception to this rule was 2014–15 season when the final was played at a neutral

## Current teams

The competition features eight city-based franchises, instead of the six state-based teams which had previously competed in the KFC Twenty20 Big Bash. Each state's capital city features one team, with Sydney and Melbourne featuring two. The team names and colours for all teams were officially announced on 6 April 2011.<sup>[25]</sup> The Melbourne Derby and Sydney Derby matches are some of the most heavily attended matches during the league and are widely anticipated by the fans.<sup>[26]</sup> The Scorchers and Sixers have also developed a rivalry between them over the years and their matches attract good crowds and TV ratings.<sup>[27]</sup> A single city-based franchise can have a maximum of 19 contracted players for a season, with the squad including a minimum of two rookie contracts and a maximum of six overseas players, although only three international players can play in each match from 2020 to 2021 edition. Each team can also have a maximum of two overseas replacement players, in case the original overseas players get injured or withdraw.<sup>[28]</sup> Team Location Home ground Coach Captain Adelaide Strikers Adelaide, South Australia Adelaide Oval Jason Gillespie Travis Head Brisbane Heat Brisbane, Queensland Brisbane Cricket Ground Wade Seccomb Usman Khawaja Hobart Hurricanes Hobart, Tasmania Blundstone Arena Adam Griffith Matthew Wade Melbourne Renegades Melbourne, Victoria Marvel Stadium David Saker Aaron Finch Melbourne Stars Melbourne, Victoria Melbourne Cricket Ground David Hussey Glenn Maxwell Perth Scorchers Perth, Western Australia Perth Stadium Adam Voges Ashton Turner Sydney Sixers Sydney, New South Wales Sydney Cricket Ground Greg Shipperd Moises Henriques Sydney Thunder Sydney, New South Wales Sydney Showground Stadium Trevor Bayliss Jason Sangha Rivalries Throughout the history of the tournament rivalries have been formed by competition between teams and by teams being in the same city. Sydney Smash The Sydney Smash is a game between the Sydney based teams, the Sydney Sixers and Sydney Thunder. This rivalry was started in the inaugural season due to both teams being from Sydney and being made up of New South Wales cricket team players. The Sixers have won 16 times to the Thunder's 7 but the game still attracts a large crowd for every game. Melbourne Derby The Melbourne Derby takes place between the two Melbourne based teams, the Melbourne Renegades and the Melbourne Stars. This derby is similar in nature to the Sydney Smash as the cores of both teams come from the Victoria cricket team and has been happening since the inaugural season of the competition. In BBL05 the game drew the largest crowd for a Big Bash game with 80,883 fans attending the game at the MCG.<sup>[29]</sup> Perth Scorchers - Sydney Sixers The Scorchers/Sixers rivalry has developed over the competition's 12 seasons due to their unparalleled success. The Scorchers have won the title five times and Sixers have claimed the trophy three times. No other team has been champions more than once. The Scorchers and the Sixers have both been runners up three times. They've met in the final on five occasions. The Scorchers have won three of those encounters and the Sixers two.<sup>[30]</sup> Tournament season and results Perth Scorchers have won five titles and Sydney Sixers three.<sup>[31]</sup> Both of these teams have won the title in consecutive seasons.<sup>[32]</sup> The Scorchers have reached the final of the tournament eight times. Out of the eight teams in the tournament, six have won the title at least once. Only two other teams (Hobart Hurricanes and Melbourne Stars) have reached the final at least twice.<sup>[33]</sup> The other four teams which have won the title once are the Brisbane Heat in the second season (2012–13), the Sydney Thunder in (2015–16).<sup>[34]</sup><sup>[35]</sup> The Adelaide Strikers in (2017–18).<sup>[36]</sup> and the Melbourne Renegades in (2018–19).<sup>[37]</sup><sup>[38]</sup> The WACA Ground has hosted the final on four occasions, the most of any venue. <p>The tournament took place in ten different stadiums, situated in ten different cities across India. The first and second semi-finals were held in Mumbai, while the third and fourth semi-finals were held in Bangalore. The final was held in Wankhede Stadium, Mumbai.
```

The BCCI provided funding for renovations and refurbishments at stadiums. Himachal Pradesh Cricket Association Stadium received a new grass pitch.

With the autumn scheduling of this World Cup, the ICC instituted protocols for reducing the impact of moisture-including dew and rain-on pitch conditions.
